

CENTER FOR RURAL SCHOOL HEALTH & EDUCATION

OUR VISION

Happy, healthy children and families living in vibrant rural communities.

OUR MISSION

We partner with rural schools and communities to improve health and education outcomes.

OUR GUIDING PRINCIPLES

1. We prioritize working with high need rural and frontier communities
2. We work directly in and with rural schools and communities
3. We listen to the voice of the community and honor their priorities, context, values, and culture
4. We develop and sustain long-term and collaborative partnerships
5. We advocate for rural schools in state-wide conversations

OUR CURRENT FOCUS AREAS

1. Comprehensive health and wellness planning and implementation in schools
2. Social-emotional health for students, teachers, and service providers
3. Workforce development for professionals working with children and families
4. Economic development

SERVICES AND RESOURCES FOR SCHOOLS AND COMMUNITY PARTNERS

1. Research and evaluation
2. Strategic planning
3. Training, technical assistance, and professional learning communities
4. Convening funders, university, and community partners
5. Grant writing and management support
