

## **Edd Program in Curriculum & Instruction (CI):**

The Gifted Education Specialization fuses gifted education training with Curriculum and Instruction Leadership in a hybrid online AND face-to-face model. You will take two online courses each quarter—fall, winter, and spring—and meet face-to-face with your cohort for on-campus courses in the summer. Each June you will meet for two weeks to receive support with relationship-building within the cohort, advising, and assistance with research project conceptualization. The program will develop your research skills, particularly in identification, intervention, methodology, and analysis. Students generally complete this program within 3 years. For more information about this program, please visit our website at [www.morgridge.du.edu](http://www.morgridge.du.edu)
